📍 Muyenga, KAMPALA

EDUCATION

2022-2025
COMPUTER SCIENCE
MAKERERE UNIVERSITY
Kampala, Uganda

Relevant coursework: Data Structures and Algorithms, Programming Languages, Computer Networks, Database Systems, Operating Systems

2014-2019
HIGHSCHOOL DIPLOMA
ST. MARY'S COLLEGE KISUBI
Wakiso, Uganda

ACTIVITIES

- Member, Makerere google developers' community, 2022 to date
- Participated in weekly meetings and workshops
- Collaborated with other members on programming projects
- Learned about new technologies and programming languages

CAREER OBJECTIVE

A highly motivated Computer Science student seeking a challenging internship or co-op opportunity to further develop my skills and gain practical experience in the field.

EXPERIENCE

GOOGLE DEVELOPERS' COMMUNITY HACKERTHON

FEBRUARY 2023

- Worked in a team to develop a web application using React and Node.js
- Participated in daily stand-up meetings and utilized JIRA for project management
- Gained experience with software testing and debugging

Computer Science Tutor, Makerere University

JUNE 2022 TO DATE

- Worked in a team to develop a web application using React and Node.js
- Participated in daily stand-up meetings and utilized JIRA for project management
- Gained experience with software testing and debugging

SKILLS

- Proficient in programming languages such as Java, Python, C++, and SQL
- Familiarity with web development frameworks such as React, Django and Node.js
- Experience with software development tools such as Git, JIRA, and Visual Studio Code
- Understanding of computer networking concepts and protocols
- Strong problem-solving and analytical skills

PROJECTS

BRANDWAVE

November 2022

- Implemented an online advertising platform on local transport.
- Implemented a data structure and algorithm to make advertising for small companies cheap.
- Implemented using flutter.
- Documented code and presented project to class
- Demonstrated understanding of programming concepts and problem-solving skills

LIBRARY MANAGEMENT

JULY TO AUGUST 2022

- Developed a library management web application using Django and Python
- Utilized Git for version control and collaborated with team members
- Demonstrated proficiency in web development and project management
